Population Data:

The population is the official count of people from the US Census Bureau's (USCB) BO1003 report.

The Population for Whom Status is Determined reflects the size of census samples and is provided in USCB report S1701.

Poverty Data:

The poverty rate includes all individuals living in poverty. The numbers are then broken down in three other categories: children under 18, adults over 25 and adults over 65.

The percentage of each group living in poverty is followed by the number of individuals that percentage represents.

Families in Poverty Data is from USCB Report S1702 and indicates the percentage of all families with a female head of household and at least one child under 18 that are living in poverty.

ALL Census Reports cited are from the American Communities Survey FIVE year estimates (2010 - 2014).

Data Key

Please see census.gov for more specific definitions for any of the data sourced from USCB reports.

Race & Poverty Data

Data on race is based on self-identification. There are a minimum of five categories from which to select, including White and Black/African American. People are able to self-identify as more than one race. People who identify their origin as Hispanic, Latino or Spanish may be of any race. The data is from USCB Report S1701).

Education & Poverty Data

The top numbers provided, next to the dark blue squares, indicate the total for each category, as a percentage of the entire population and number of individuals. The number below, next to the lighter square, shows the percentage of all people in that category living in poverty and total number of individuals that indicates.

This data is from USCB Report S1701.

Income & Poverty Data

Median Income - Total income is the sum of the amounts reported for wage/salary income, self employment income,, interest, dividends, rental income, royalty income, income from estates or trusts, Social Security or Railroad Retirement income, Supplementary Social Security, public assistance or welfare payments, retirement/survivor/disability pensions and all other income. The data is from USCB Report S1501.

Hourly Wage - The hourly rate listed is that which one person would need to earn working year round, 40 hours per week in order to afford a 2 bedroom apartment at the fair market rate (FMR) for that county, assuming 30% of income is spent on housing. Data is provided by the National Low Income Housing Coalition 's report: Out of Reach 2015 (www.nlihc.org).

Health & Poverty Insurance

Based on self reporting this includes people who have: insurance from a current/former employer, insurance purchased directly from an insurance company, Medicare, Medicaid, Medical Assistance, any government assistance plan for people with low income or disability, TRICARE or military health care, VA, Indian Health Service or any other type of health insurance or health coverage plan. Data from USCB Report S2701.

Free/Reduced Lunch Program

Number of students participating in free or reduced lunches where National School Lunch Program (NSLP) is offered. Data is from the Food Research and Action Center - frac.org/federal-foodnutrition-programs/national-school-lunch-program

Female Head of Household Of all households with a female head of household and children under 18, this is the percentage living in poverty. The data is from USCB Report S1702.
